

Environmental Policy

Apple Labour Limited is committed to the adoption of environmentally responsible policies and practices throughout its operation. The company has identified that its business does not produce emissions covered by environmental protection legislation. However, in line with the continuous improvement programme the company focuses on the following:

- Identifying potential environmental opportunities and considering their appropriateness for adoption
- Waste reduction and responsible destruction practices
- Re-cycling of materials
- Minimising consumption of energy and other natural resources
- Purchase products which have least impact on the environment
- Create partnerships with similar minded suppliers
- Improve the working environment and complying with UK and EU legislation
- Maximise the use of e-technology to reduce paper usage throughout our operation
